

GDYNIA – MY CITY!

We would like to make this idea GDYNIA – MY CITY! true not only for existing residents, but also for all those who have chosen Gdynia as their new home. As part of this project „Multicultural Gdynia – the tradition of hospitality” we would like to invite you to participate in several events where you will have a chance to get to know Gdynia and its residents better! You will discover the most important and beautiful aspects of the city, visit the exhibition in the Emigration Museum, meet interesting and friendly people, practice your Polish, but most of all – you will spend a nice time and have fun!

The project will end on 18th of December by celebrating the International Migrants Day. In the second part of the year we would like to invite you to participate in theatre workshops organized by Strefa WolnoSłowa Foundation and other activities. More details to come.
